

INJURY EXEMPTIONS, 2009 PRO SEASON • SECOND SEASON PRO FOOTBALL GAME

As noted in the 2009 Pro Season introduction, we did not award “dagger ratings” for individual player injury limits. However, for those who wish to re-create the 2009 season injury tendencies, we offer the following list of pro players who started all 16 of their team’s games in 2009*. If the SECOND SEASON game book calls for one of these players to be injured, we suggest a die roll to determine the (reduced) length of injury: [1-4], player stays in game; [5] player is out for rest of series; [6] player is out for rest of period.
