

The National Lacrosse League started in 1987 with four franchises – Baltimore, New Jersey, Philadelphia, and Washington DC. The league is now in its 30th season with nine active franchises. This card set was inspired by the announcement of the NLL 30th Anniversary team, and that (I believe all) other Plaay games have some type of All-Time Great sets.

The teams included in this set represent the nine current active franchises in the NLL, and are designated in their current city / location. One additional team was created including those players with significant career statistics, but primarily played for franchises no longer in existence or whose career statistics were split across an unusually large number of teams. This ‘Band of Others’ can be used as a 10th franchise, or the roster distributed across the existing nine franchises in the spirit of a Dispersal Draft.

Franchises included in the card set:

Franchise	Championships	Lineage
Buffalo	1992, 1993, 1996, 2008	Buffalo (1992 – Present)
Calgary	2004, 2009	Calgary (2002 – Present)

A couple of notes about statistics:

Reliable source material for all necessary runner statistics was readily available on the NLL web site, or via published league media guides, starting with the 1998 season. Yearly shots taken by runners in seasons before 1998 was estimated based upon goals they scored that year and overall league shooting percentage. Reliable source material for all necessary goalie statistics was readily available on the NLL web site, or via published league media guides, for all goalies included in the card set.

All career statistics for any player gets included in their overall statistics for the franchise to which they are assigned, regardless of what franchise that person played for in any individual season. For example, Colin Doyle is assigned to the Toronto franchise. He has played 3 of his 19 year-career with the (current) Vancouver franchise. All his career statistics, including the three years with the Vancouver franchise, are attributed to Toronto.

A couple of notes about the card set:

Each team has 10 Forwards, 10 Defense, and 2 Goalies. In the game, Forwards should be used in locations o1, o2, o3. Defense should be used in locations o3, o4, o5.

Players were assigned to teams based upon regular season career records for each franchise. Data used for ratings, qualities, and symbols is based upon the totals for the player against the totals accumulated for all players on the set's franchise roster.

Goalie start ratings were calculated by comparing the number of minutes each goalie played against the total number of minutes played by the goalies for that franchise. The number of minutes played is listed on the Goalie card, in place of an Injury rating.

Only those runners that took a significant number of face-offs were given a Face-Off rating.

Injury ratings for the runners (Forwards and Defense) were calculated by comparing the number of games that person played against the average number of games played by those on the roster for that franchise.

Fight ratings were based on a combination of penalty rating and history / reputation.

A handful of runners were extremely prolific collecting loose balls thru their career. These players were assigned a Diamond Symbol. Summarizing the use of this optional rule – Whenever a dice roll result of "9" comes up on the NORMAL STRENGTH possession chart (page 2) count the Diamond Symbol as a Square or Triangle, whichever the dice roll combination calls for. As a house rule, I also count the Diamond Symbol as a Square or Triangle when a Loose Ball is indicated on the Primary Play charts, rolls 2, 3, 11, and 12. Diamond Symbols are ONLY counted for Loose Ball results. They do not count as Triangles or Squares in any other offensive or defensive context.

Included in the package:

One page for each of the franchises listing the roster of players assigned to that team and career statistics for each player. Those players highlighted are on the NLL 30th Anniversary team.

One page listing all the goalies in the card set, and career statistics for each player.

Seven pages of runner cards and one page of goalie cards.

Final Notes:

Thanks to Keith and those who collaborated to create the All-Time Great sets for Hockey Blast, Soccer Blast, and other Plaay games. Those sets were used as examples for and reasonability checks within this Lacrosse card set.

Thanks to Keith and Lenny LaFrance, who provide advice and feedback on rating players, help to make sure the card sets have the right feel within the game engine, and help to insure the cards comply with any trademark or utilization restrictions.

A big thanks to Keith for the additional advice, tips, tricks, suggestions, comments, and encouragement in making this set and other Lacrosse card sets.
