

# 2016 NIPPON PROFESSIONAL BASEBALL SEASON

This set includes the top 40 players from each team by appearances (20 hitters and 20 pitchers). 480 player cards overall. In addition to the player cards I have included additional content for a deeper player experience.

**Manager Cards** - Each team has a manager card with that season's managerial tendencies. This will show you how the team played throughout the season. *How often did the team attempt to steal a base? Pinch hitters and runners?*

**Appearances by Position** - Each team has a page that has the carded players appearances by position. This will give you an idea of how to use the depths of your roster. *Who did the team call upon most when they needed a pinch hitter?*

**Umpires** - All 57 umpires from the 2016 NPB season. Carded as well as an easy to use one-sheet.

**Stadiums** - In addition to each team's home stadium, the NPB has *Countryside Games* which take place at stadiums throughout the country so fans outside of the 12 franchise cities can see the teams play. I've included ratings for all 40 stadiums that hosted NPB games during the 2016 season. The 12 franchise home stadiums were rated based on Park Factor data for the 2016 NPB season while the countryside stadiums were rated based off of total area.

**Lineups** - Each team's opening day lineup. Players not carded have been substituted.

**Starting Pitching** - Each carded player who started a game and the amount of starts they made throughout the season. Players who were in the team's beginning of the season Starting 5 (6 in the case of the DeNA BayStars) are listed with brackets.

I hope you enjoy.
